### **Accessibility Commitment**

The accessibility of our community and our spaces is important to us. The Working Centre is committed to ensuring that all resources and activities are accessible for people, regardless of their physical or mental abilities.

We welcome and are open to various tools that people use to help them to access or be in our spaces. This includes a variety of resources including assistive devices, service animals, and support people. We also welcome feedback about our building and our resources and ways that we can improve our accessibility.

The Working Centre regularly explores the ways to ensure an accessible approach in our work. We involve all staff, volunteers and participants to help support creative ways this can happen.

To request accommodation or assistance for any program, good or service, contact The Working Centre in person, by phone or by email. We would be happy to explore options together.
